

Happy Spring Time Folks,

We are sending out an extra newsletter because we have some good news. Do you want to take part in a new experiment? Good, keep reading. This is similar to the one I did on Coast to Coast AM Radio 5 years ago but going a step further.

Some of you folks have been writing to tell me about how much better your water taste since I put a “mental water filter” on your water line.

Glad to hear from you. It’s really not such a stretch of the imagination to believe this can happen. After all, many of you have used the “Energize Water” DVD to change the taste of water and my friend Ken wrote to say he had taken the bad odor and taste out of a well 85 miles away just by focusing on the well while playing the DVD.

Some of you have used “Energize Your Life” to clean up the energy in your homes and communities.

If we can do things like this it seems reasonable that we can put a mental water filter on your water line to help the water taste better.

Up til now, the only folks who got a water filter were the ones attending my class. Not all of you have the opportunity to come to me, so now I can come to you through this on-line video.

We filmed it on a beach in Florida, and as usual, it is informal and down to earth. I provide the information and the energy and you provide the focus of where it will be placed.

It is our video of the month for April so I hope you enjoy it and use it. Remember, we are not limited by distance so that means if your focus is real good, you could put it on any water line where you put your INTENT. If you are not already subscribed, you can do so [here](#).

How about experimenting with this one and write and let me know the results at videos@raymongracefoundation.org.

TO SAVE TIME, WOULD LIKE TO TELL YOU ABOUT ANOTHER ONE WHILE I HAVE YOUR ATTENTION.

Abuse of anyone, has always disturbed me, especially abuse of women

and kids. Well now, it looks like we can do something about it.

Have to be discrete on this one but can say that I was asked for help to reduce human trafficking, which is what I call the slave trade. Was told this was the third largest illegal business in the world.

The organization doing the asking had a specific place that could be monitored. I accepted the invitation and three months later was told that the human trafficking had been significantly reduced.

This is good but much too limiting. Only one of me and a lot of them. We have to learn to work smarter rather than harder, so I thought about it decided to make a video that will both teach and do the work. No different than Energize Your Life or Energize Water, just a different application of the same principles.

So we did it. Filmed a condensed video of what I did for the above mentioned project.

The plan is to have those who care enough to do something, play the video and direct the energy of it to any home, school, abuse shelter, jail, orphan home or anything else you choose. And if you are really serious, direct it to "anyone you suspect of participating in this type of activity."

Now to be honest, you may not get immediate feedback on your efforts. But then again, maybe you will. This week I received a phone call from someone who had asked for help over a year ago. The person had told about the terrible political corruption in his area. The caller said, "The results of your work will be on National TV tonight." It was.

Can we prove it? No, and I wouldn't try. The result is all that mattered.

These monthly on-line videos are kept economical so we can reach more people and still raise some money for the foundation which funds the projects. But we got a real deal for you on this one-----

WE'RE GONNA' GIVE IT TO YOU!!!!!!!

**Not only that, WE'RE GONNA' LET YOU GIVE IT TO SOMEONE ELSE!!!
JUST SEND THEM THIS NEWSLETTER AND THEY WILL HAVE THE LINK
ALSO.**

Click here www.raymongracefoundation.org/blueprintforfreedom.htm after Friday, April 3rd. The video is called "Blueprint for Freedom" and you will not find it on the website, only from this link, so save this newsletter.....this is only being provided to those who are receiving the newsletter, or those you forward it too.

You know what else we're gonna' do? We're gonna' send it to every dowsing group in the world that we know about and ask them to make it

available to their members.

There's more, we're having it transcribed in English and then email the transcription to dowsing groups and organizations that work with preventing abuse. This is a way to reach millions of people around the world.

If you have any better ideas, write and let us know.

Why??? Because a very serious problem exist in our society and no one has fixed it yet. I figure we have a better chance than anyone else because we attract THINKING people who are learning how to use their minds. YES, I MEAN YOU!!!!

Now we have a choice folks, we do something or we do nothing. Which one do you think is going to get the best results?

Just remember, you don't have to understand electricity to turn the lights on.

We are offering this for FREE from The Raymon Grace Foundation, but if any of you want to donate toward this and future efforts of this nature we would APPRECIATE IT.

MAY THE WORLD BE BETTER BECAUSE YOU HAVE LIVED AND DONE SOMETHING!

Raymon
