

Hi Folks,

Thank you for your participation in the monthly videos Raymon Grace Foundation has been offering. The “Blueprint For Freedom” that we offered for free in April reached people in at least 10 countries and was viewed by more people than anything we have ever offered.

It is still available as a DVD and can be ordered from [www.raymongracefoundation.org](http://www.raymongracefoundation.org).

Some folks have said that watching this film has helped free themselves from past abuse. That was the plan. It was also the plan for you to use it and help someone else and many of you did.

It is my belief that we now have a method to greatly reduce abuse of any type, anywhere in the world. All you need to do is play the DVD and focus your INTENT that the energy of it be directed to your project.

This can be used for schools, jails, nursing homes and anywhere else it is needed.

No, you don't need to buy a license or get permission. JUST DO IT!

As I have said many times, the good thing about this work is that you don't leave any tracks. There is no way that you can do any harm and no act of kindness is ever wasted.

An interview with my friend Richard Sutphen, a master hypnotist, author and speaker, will be the video for August. We discuss how people are brainwashed in ways they may not realize.

As my friend Jose Silva said, “Ignorance does not solve problems, knowledge solves problems.”

If we know what is happening to us, we are better able to reject it.

Richard invited me as a guest on his weekly radio show May 20 and this can be heard at contact talk radio by clicking [here](#). (it says the interview is with UFO Hypnotist Terry Hartman, he was initially scheduled, but it is really with Raymon)

In addition to the monthly videos, Raymon Grace Foundation has sponsored a 4-H project to demonstrate growing food without dirt or conventional gardening. This is for kids who don't live on farms or have tractors. This method of growing food takes 80% LESS water than normal irrigation of food. We will have some pictures on [www.raymongracefoundation.org](http://www.raymongracefoundation.org) later when the plants are producing.

To get an idea of what this is like, there are some pictures at [www.Verti-Gro.com](http://www.Verti-Gro.com)

For our June video we are featuring my friend Paul Rademacher, executive director of the Monroe Institute in Faber, Virginia. The Monroe Institute® is an educational and research organization dedicated to the exploration of human consciousness based upon the work of its founder, Robert Monroe. It is internationally known for its work with audio sound patterns that can have dramatic effects on states of consciousness. Read more about it on their website at [www.monroeinstitute.org](http://www.monroeinstitute.org).

Recently while visiting with some of my friends, an idea came to me. [Seems like I get smarter when associating with good people.]

The idea was, to a large degree, people have been beaten down for about as long as there have been people.

Have observed that low self esteem is a major problem with many good people. In each class I ask, “Do you know of any organizations that use fear, shame and guilt to control their members?”

This always brings a few laughs from the audience, “the church”, being the first name they mention and there are plenty of others.

It seems that people will accomplish more if they feel good about themselves than if they feel fearful, guilty or shameful. It’s time to do something about this.

Here is what I said to my friends and believe it can be said of most, or maybe all ,of you who are reading this newsletter.

Do you realize that if all the people of the world lived their lives as you do , we would live in a much better world?

WHY?

There would be no crime because you are not criminals. You don’t rob people and burglarize your neighbor’s home.

There would be no child abuse because you do not abuse your children.

There would be no drunk drivers on the road because you don’t drive drunk.

There would be no drug problem because you don’t deal in drugs.

The towns would be safe because you are not dangerous.

If the world lived as you do, the main purpose for police would be directing traffic at social events.

The list could go on and on but you get the idea.

**SO STOP BEATING YOURSELF UP AND BUYING INTO THE GUILT TRIP THAT OTHERS WANT TO PUT ON YOU!!!**

As my friend Dannion Brinkley says, “YOU ARE GREAT, MIGHTY AND POWERFUL SPIRITUAL BEINGS WITH DIGNITY, DIRECTION, AND PURPOSE.”

I have really worked to provide ways and information for people to make positive differences in their lives and in the world. Some have listened and acted. More are needed.

Here is an example of what has been done with our work. This just came in as an email while I was writing this newsletter.

*Raymon-*

*I want to thank you for helping my son kick his addiction to oxycontin. I started noticing a change in his behavior on about the third day. He seemed nicer, clearer, more rational and civil than he has been in a very long time. Things seem to get better every that goes by and I am so grateful to you for helping him get his life back. If you had not relieved him of the evil entity that possessed him, I'm convinced that he would have eventually killed himself with drugs. Other things in both our lives are beginning to change, as well. Words just can't express how grateful I am. I will always remember this experience and I will always remember your kindness.*
