

The Raymon Grace Newsletter

December, 2014

Howdy Folks,

Would like to share a bit of information with you to help you better survive the holiday season.

For about 18 months I've noticed something new affecting a lot of people. When the audience is asked, "How many of you have noticed that people are getting crazier?" Most of the hands go up and people laugh.

Am glad they laugh but it really isn't funny, its serious. I started taking readings on the 'mental stability' of people, then expanded it to towns, counties and cities, and found that our fellow citizens have a problem. What is worse, is that you folks reading this may also have the same problem.

I was measuring this situation for several months before finding the reason for it. One day a friend called to tell me about some information she had read concerning the passing of earth through space and there was an 'energy' coming from the Milky Way affecting the minds of people. My dowsing previously indicated this condition could be called 'astrological influence' without realizing the source, and it seems I was right.

Now you don't have to know everything in order to solve a problem. You don't need to understand electricity in order to turn the lights on, so don't over-think this.

All you have to do is measure the effect of 'astrological influence' on a person or group. If you get a negative reading, then it obviously needs to be corrected.

Next, take your bullet pendulum and set the intent to neutralize the negative effect of 'astrological influence' upon the person or group. The pendulum will swing counter-clockwise.

Really can't say how long this will last, it may be different for each person. You will just have to check it from time to time to find out.

My newsletters are written for folks who know something about dowsing, so if you are a beginner, you can visit my websites to get some information.

Life is easier dealing with sane people rather than crazy people. By using this simple technique, you can stack the deck in your favor for a Happy Holiday Season.

Faye and I will be offering the webinar again on January 23 - 26. It will be available for 60 hours, giving you plenty of time to watch it 2 or 3 times if you like and re-watching any segment you like.

This could make a really nice Christmas gift for a family and if they use it, could be the best gift you ever gave them. Register on the Foundation site [here](#).
