Howdy Folks,

Just a note to remind you we are offering a webinar starting Feb. 19 - 21 for those of you who didn't get to join us earlier.

This is the most economical way we have found to get the information to you.

Faye Henry is in charge of the webinar so all questions about it need to be directed to her at [faye@tsvibrations.com](mailto:faye@tsvibrations.com)

**Flower of Life:**

Several of you have written to ask about the Flower of Life and I responded that we sold out a long time ago, and didn't know when or if we would have any more.

Talked to Larry who makes them, and he is getting a few ready to ship to us next week.

Here are the directions if you want one. **DONT SEND ANY MONEY UNTIL YOU KNOW FOR SURE WE HAVE ONE FOR YOU!!!!** Email me to find out at [Raymon@RaymonGrace.us](mailto:Raymon@RaymonGrace.us)

**IF WE DO, WILL LET YOU KNOW, THEN SEND THE MONEY ORDER SOON. IF YOU WAIT A WEEK OR SO, WE WILL HAVE SOLD IT TO SOMEONE ELSE. YES, THIS HAS ALREADY HAPPENED.**

We do not have a 'lay away plan' to take payments for a future purchase. YOU save your own money and when you get enough, then we will send you one if we have it.

Tell me where you live, if outside the US. so we can get a shipping price for you.

If we have sold out by the time you write me, will keep your email and notify you as soon as we get some more.

Here is an email received today from New Zealand.

*"Just wanted to say that I was on skype with someone in Britain. (I live in New Zealand) Told her about the water dvd and asked her if she wanted to try something. Told her to get a glass of water, test it for energy and put it in front of the screen. I played the Water DVD at my home in New Zealand and when it finished, I asked her to test it again and she couldn't believe the change in the energy. She is now "into" dowsing!!!!"*

Here is another one received from Thailand.

*"The pool was very murky, we had put in chlorine but the water never cleared up. I had brought your DVDs with me hoping to be able to get some down time and listen to all of them. But the service at this villa's so bad I ended up spending most of the time in the kitchen. But after a few days with the pool water looking awful I sat down and played the DVD on energising water yesterday. This morning the water was clearer, this afternoon we could actually see the bottom."*

*"I was praying that this would work 'cause some of the friends asked me what I was listening to, I told them, they looked doubtful, but I had faith in you. And here we are with a pool water looking very inviting. I don't think any of the others even thought about it afterwards, but some people don't believe in anything out of ordinary anyway."*

This is pretty good evidence that our Energize Water DVD works and these certainly aren't the only testimonials we received, but from New Zealand to Britain may be the greatest distance it has been used successfully. We put the same type of energy into the Change Energy Change Your Life DVD, so you folks that have them, put them to use to clean up whatever needs cleaning.

Do you realize how much good you could do if you just put this information to work? The worst you will do is break even and that is good enough to bet on.

Faye will be playing her gongs in Sedona, Arizona in February....so if you are in the area, you may want to attend. I would highly recommend it!

Read all about it and register at: [www.SedonaCreativeLife.com](http://www.SedonaCreativeLife.com) or on her schedule page at [www.tsvibrations.com](http://www.tsvibrations.com).

If interested sign up for the webinar here: [www.raymongracefoundation.org/class.html](http://www.raymongracefoundation.org/class.html)

If you do nothing~~nothing is likely to happen. SO DO SOMETHING!!!!

I appreciate you!!

Raymon
