Howdy Folks,

Thank you for participating in the webinars and for all your kind comments. Am very thankful to provide this opportunity to share information with you in an economical and convenient way.

Many of your questions were about healing and I answered them as best I could in the recorded session. For some reason, when I did a search for the questions you wrote after the webinar, my computer did not show all of them and didn't find them until later. For those, I wrote you a personal email.

Some of the questions were on subjects I had no experience with and were not mentioned in the webinar and did not address these. It seems some folks expect me to know everything

I don't.

One of the mis-understanding is that there is a specific technique for each physical problem and there isn't. The checklist you received contains the things I have found that affect people, places and animals. It isn't perfect, just the best I have. You may find something that I haven't, so go ahead and work at correcting it.

It doesn't matter so much as to what the problem is, just use your checklist you received in class or for attending the webinar, and apply it to the person, no matter what the condition.

Now it will be rare if someone has ALL the things on the list affecting them, but have found some folks that had most of them.

Some folks seem to think that the more details they give me about their misery, the faster they will get well.....It ain't so.

Just because you have success in helping a person with a specific technique, doesn't mean it will work equally well for everyone.

There are some who will respond to most everything you do to help them.....and some will respond to nothing.

My experience has been that those who do not take responsibility for themselves and make no effort to improve..... are a waste of time to try to help.

IT IS TIME TO GET PEOPLE OFF SPIRITUAL WELFARE.

One of the first questions a healer needs to ask is, "to what degree does this person want to be well?"

If the person has NO desire for improvement, it may be because of their current living conditions and you may possibly be able to correct this. Earlier I wrote a newsletter about X Energy, how it affected people and what you could do about it. NEUTRALIZE IT!!!

Scramble any harmful frequencies and adjust them to LOVE.

Neutralize the negative effect of the surrounding area on the person. Really, this is something you need to do for yourself each day.

Neutralize the negative effect of 'astrological influence' on the person and possibly yourself, because this is what is making people crazy. If you doubt this, check the mental stability of the local citizens.

Check to determine if the person is possessed. If so, de-possess them.

Check to see if their soul is in this dimension. If not, bring it back for them.

All these things are covered in the webinar and in my class and some are covered in the DVDs.

I will be traveling this week and will not respond to questions on this....if you do not understand it.... come to a class, sign up for the webinar in Oct...or get my DVD's. It is all in there and this is just a reminder.

Any of these things could cause a person to not want to live or to get well, and when these things are corrected, their attitude usually improves.

Am providing this information to those of you who participated in the webinar and have taken a class with me, to remind you what YOU can do to help those you want to help, without asking me to do it for you.

PLEASE UNDERSTAND, I HAVE SPENT A LOT OF YEARS HELPING PEOPLE TO HELP THEMSELVES..... BUT THERE IS ONLY ONE OF ME AND A LOT OF YOU.

THE BEST I CAN DO IS TO SHARE INFORMATION WITH YOU, IT IS UP TO YOU TO USE IT.

Many of you are writing to share your success stories and it really makes my day to know a lot of you folks are really doing something to make your world better.

TO THOSE WHO BELIEVE, NO EXPLANATION IS NECESSARY.....TO THOSE WHO DON'T BELIEVE, NO EXPLANATION IS POSSIBLE

Many of you have contacted me about not sleeping well and having no energy.

This is why this edition of my newsletter is sponsored by Simply Herbals.
